Veterinary Practice Details/Stamp:

If you (the Veterinarian) would like to receive a copy of the dog's completed massage notes directly from the therapist, please add your email below: Y/N

email address:

**Owner's Declaration:**

The above dog owner has required the massage and rehabilitation therapies to be performed on their dog. The owner confirms there are no suspected or undiagnosed medical conditions, nor anything in the process of veterinary diagnosis. The owner also understands that they must consult their veterinarian if the said dog has undergone any recent illness, injury or surgery under the care of a veterinarian, to ascertain that the condition was/is not contraindicated to massage or rehabilitation therapies. If during massage or rehabilitation therapies the therapist deems that a veterinarian should be consulted for investigations/diagnostics then the owner will be informed and said owner will be responsible for seeking veterinarian advice before any further therapies can continue.

I declare that I am the legal owner of the dog and give full consent for it to be massaged and receive rehabilitation therapies if necessary, to which I fully accept the terms and conditions provided (*Please tick to say you have read our full Terms & Conditions*) .
